

MAP Foundation

An arts in health organisation inspiring and supporting people affected by life-threatening illness.

MAP prints

The MAP Foundation is now selling high-quality A2 size Giclee colour prints of Michele Petrone's images from the ground-breaking exhibition, the *Emotional Cancer Journey*.

£45 each plus p & p; for health professionals discounted rate of £195 for five plus p & p.

For more information go to:

www.mapfoundation.org

MAP workshops

The MAP Foundation is again running creative workshops for health professionals, patients, carers and other groups.

These workshops use the creative arts to enable people to express and communicate complex and painful issues relating to serious illness and dying.

The workshops create a visual and verbal dialogue which can release the fears and isolation experienced by people affected by life-threatening illness and support those who look after them.
